

The Florida Saltwater Fish Life List

For Recreational Anglers

Remember, a fish is too valuable to catch only once!

Florida is the “Fishing Capital of the World.” The Florida Fish and Wildlife Conservation Commission (FWC) wants your fishing adventures to be memorable ones. The Florida Saltwater Fish Life List is a way to document what you catch. When you use effective catch-and-release techniques, you are doing your part to preserve saltwater fish so everyone can continue to enjoy Florida’s fishing resources!
