

FLORIDA SALTWATER FISHING RECORD APPLICATION

The Florida Fish and Wildlife Conservation Commission (FWC) maintains state records for the heaviest marine fishes caught in Florida state waters or in federal waters extending directly outward of Florida state waters in conventional tackle and fly-fishing categories. Catches must follow Florida's fishing regulations, the Catch a Florida Memory - Saltwater Angler Recognition Program: General Angling Rules, and the Florida Saltwater Fishing Records Program Rules.

To qualify for a record, the catch must be weighed on a **certified scale on land**, and **photographs must be submitted** clearly showing the weight displayed on the scale, the rod and reel used to make the catch, the angler with their catch and various views of the fish for identification purposes. Species that are difficult to identify must be confirmed by a qualified fisheries biologist. The angler's signature on a completed application form **must be witnessed by a notary**. For more information, visit CatchaFloridaMemory.com and click on "Programs" and "Florida Saltwater Fishing Records," or contact Angler.Recognition@MyFWC.com.

I AM SUBMITTING THIS ENTRY FOR:

Florida all-tackle record on conventional tackle
 Florida all-tackle record on fly fishing tackle

ANGLER (print name as you wish it to appear on certificate)
